

CONCORD MAN DIES FROM GUNSHOT WOUNDS

JAMES GADDIS FOUND DEAD IN FIELD WHERE HE HAD BEEN WORKING

Wound in Neck Indicates Farmer's Death Was Result of Assassin's Attack—Ellsworth Pires Held on Coroner's Recommendation—Inquest Will be Held Today

James Gaddis, well known farmer of Concord precinct, was found dead in his wheat field about 4 o'clock Thursday afternoon. A gunshot wound in the neck caused the death of Mr. Gaddis. It was first believed to be a case of suicide but a little later the general belief existed that Mr. Gaddis met death at the hands of an assassin while he was riding on a pulverizer preparing the field for the sowing of wheat. The blood-covered body was found on the ground not far distant from a corn shock and one theory is that the person who took the farmer's life was hidden behind the shock when he fired the fatal shot. Ellsworth Pires, seventeen year old step-son of the deceased, is being held at the county jail on the recommendation of Coroner Rose. The news of the tragedy reached Jacksonville about 4:30 o'clock Thursday afternoon. State's Attorney Robinson, Sheriff Weatherford and Coroner Rose left immediately for the Gaddis home. The farm is about one mile east of Concord.

GIANTS ARE AGAIN WHITEWASHED BY NEW YORK YANKS

Hoyt Holds National League Team to Two Lone Singles

(By The Associated Press)
NEW YORK, Oct. 6.—The New York Americans made world's series history today, shutting out the Giants three to nothing in the second game of the struggle, leaving the New York Nationals' recordless after eighteen innings of play in the first two days of the city clubs' conflict. They did it by lively work on the bases and the best possible use of their few hits supported through by the brilliant twirling of Waite Hoyt, their young right-handed star. The score was the same as in the first game yesterday, Hoyt, allowing the Giants but two puny singles. Unlike the opening encounter today's game was played before a crowd that taxed the capacity of the Polo Grounds and let itself loose at frequent intervals in zipping outbursts of enthusiasm. It had plenty to enthuse over, for the contest, while a pitchers' battle between Hoyt and Art Nehf, who twirled stellar ball for the Giants, was replete with rattling plays and tense moments. Possibly the thing that most encouraged the followers of the Yankees looking forward to the ultimate outcome of the series, was the splendid game pitched by Hoyt who held the Giants to one hit up to the eighth. Never before has a world series opened with two straight shutouts of the same contestant. So airtight was Hoyt's pitching that the Giants never had more than four men at the plate in any one inning. The nearest they came to the home plate was in the ninth inning when Frisch, with one down, singled to right and went to second when Young was given a base on balls. He was on his way home from second as a fast double play on Young and Kelly ended the inning and the game. The only other man to get to second was Nehf who was given a base on balls and went down on an out. Babe Speedy On Bases Aside from Hoyt's marvelous twirling the game revealed, "Babe" Ruth in a new role, that of the demon base-stealer—a role that seemed just about as popular with the crowd as his familiar one of home run king. The Great Bambino stole second and third in rapid succession in the fifth inning and his clean pilfering of the far corner was greeted with the wildest demonstration of the series to date. At the bat Ruth's record was colorless. He didn't once connect safely, Nehf appeared to pitch to him everytime, but in trying to cut the corners succeeded in issuing three passes to the big fellow, much to the disgust of apparently the greater portion of the

WOULD CONFINE ALL UNFIT FOR PROGENITATION

Urged by Judge Olson for Benefit of Civilization

(By The Associated Press)
CHICAGO, Oct. 6.—Creation of a new type of institution which would harbor persons found by science to be unfit for progenitation was urged tonight by Judge Harry Olson of the municipal court in an address before the Rock River conference of the Methodist Episcopal church. Judge Olson declared that future civilization rested largely on encouragement of multiplication of superior stocks, urging psychopathic tests as a means of carrying this out. "The nation's have emerged from the war with a sense of shame, for the war put to rest our vaunted civilization and proved some of it to be largely sham and pretense," said Judge Olson. "The irreparable loss by war consisted of the depletion of better stocks of the human species and, likewise the gains for civilization in the future, if it is to have a long future must lie in the preservation of superior stocks. "The aim must be to give civilization a wider foundation by increasing the stocks which are capable of producing and promoting progress and by subduing and breeding out the foolish stocks which threaten to down all progress. It is evident that we cannot by conscious effort control the multiplication of fit stocks. They can well take care of themselves if not dragged down by the inferior. But, we can put legal and social barriers in the way of the notoriously unfit. There was a time when the rigors of civilization blotted out the weak, but now we cherish every spark of life and save many who are unfit. "The psychopathic laboratories easily determine those who are unfit. The laboratory determines not only defects of intelligence, but defects of feeling and emotion. It is the person of defective emotional development who is the potential burglar, robber or murderer. The laboratories' methods have been checked and proven irrefutably true. "Correctional institutions do no good in this matter. The inmate is released and goes back to crime of the criminally inclined. The persons who are found by science to be unfit for reproduction should be kept in institutions which must be especially created for them."

CHICAGO ATTORNEY BUYS DETROIT TIMES

New York, Oct. 6.—Levy Mayer, Chicago attorney, announced tonight that he had bought the Detroit Times for a client, whose identity was not disclosed. James Schermerhorn, founder and for twenty years editor-in-chief of the paper said he had not been advised as to the future policy of the paper, nor did he know the identity of the new owner. He held today at an hour still to be set by the corner. Mr. Gaddis, who was about forty-two years of age, had been a resident of Concord precinct most of his life. He was known as a prosperous farmer and had the confidence and esteem of the neighborhood. His first wife died a number of years ago and he was subsequently married to Mrs. Ollie Pires of this city. He is survived by his wife and by three children from the earlier marriage.

EVERY DAY IS CROWDED FULL FOR MARSHAL FOCH

Itinerary of Distinguished Frenchman is Announced

(By The Associated Press)
MARQUETTE, Mich., Oct. 6.—The itinerary of Marshal Ferdinand Foch of France from the date of his arrival in New York, Oct. 28th, on his way to attend the American Legion national convention in Kansas City until November 11th, Armistice Day, when he takes part in the services at the grave of the unknown soldier in Arlington cemetery was announced here today by Alton T. Roberts, chairman of the legion committee in charge of arrangements for Foch's reception. Upon his arrival in New York, Marshal Foch will be tendered a formal reception by city and state officials. From here he will go to Washington to pay his respects to President Harding and to call upon officials of the state, army and navy departments. On Oct. 30 he will leave Washington for Kansas City on a special train arriving there Monday evening, Oct. 31st. He will be presented to the legion convention Tuesday morning, Nov. 1st, at which time he will deliver his address to the legion and the American people. Tuesday noon he will assist with the other distinguished guests in the dedication of Kansas City's war memorial. In the afternoon he will march with the other guests of honor at the head of the legion's uniformed parade in which more than 50,000 world war veterans will participate. Marshal Foch probably will visit Indianapolis, St. Louis, Chicago, Detroit, Cleveland and Pittsburgh, following the Kansas City convention his visits being so arranged that he will arrive in Washington on Armistice Day. His entire trip will be made under American Legion auspices.

CORONER'S JURY RETURNS VERDICT

EDWARDSVILLE, Ill., Oct. 6.—A coroner's jury today recommended that Harry Lohse, who last night shot and killed Mr. and Mrs. Albert Wienieke at their home in Prairie town, Ill., be held to the next term of the grand jury. The jury returned a verdict that the couple met their death due to gunshot wounds inflicted by a gun in the hands of Harry Lohse. The testimony of Mildred Wienieke, aged 13, contradicted the statement of Harry Lohse, who last night told the sheriff he was attacked by Wienieke with a butcher knife when the child told the coroner's jury that her father never had a knife. The girl testified that during the time the sheriff was in route to the home that Lohse left the room where he was talking with two neighbors and went to the kitchen of the home and placed a butcher knife near Wienieke's right hand. It was later testified that Wienieke was left-handed.

G.O.P. LEADERS REACH AGREEMENT IN TAX REVISION PLANS

Maximum Surtax Rate Increases are Proposed—Repeal of \$2000 Exemption Will Mean Higher Taxes for Corporations—Retain the Corporation Capital Stock Tax

(By The Associated Press)
WASHINGTON, Oct. 6.—Republican senate leaders, in a series of conferences today agreed upon a tentative tax revision program which they believe will close the principal gap within their party ranks in the senate and at the same time prove acceptable to the Republicans in the house of representatives. Main points in the program are an increase in the maximum surtax rate from thirty two per cent to fifty per cent and repeal of the tax on freight, passenger and Pullman transportation. In addition it is proposed to repeal the \$2,000 exemption allowed corporations, which would mean an additional \$60,000,000 of revenue from corporate sources; retain the corporation capital stock tax estimated to yield \$75,000,000 next year and repeal the various so-called nuisance taxes, such as those on soda water, cosmetics, proprietary medicines and the like.

HARD ROAD PRICES ARE REACHING NEW LOW RECORD NOW

(Continued from Page 1)
Average Cost of 180 Miles Cement Roadway is \$28,233

(By The Associated Press)
SPRINGFIELD, Ill., Oct. 6.—A record-breaking low price of \$24,685 per mile, including cement, was established at Tuesday's opening of road bids. Governor Small announced today after going over the figures with Col. C. R. Miller, director of public works, and Frank T. Sheets, superintendent of highways. The new low cost record was made on approximately eight miles of highway in McLean county. The average cost, including cement, for over 190 miles of cement roadway, was \$28,233 per mile. Leaving out of consideration about 80 miles, where unusually heavy grading and expensive bridge work is encountered, a new low cost mark of \$26,900 for the remaining 190 miles was reached, the governor said. These figures are for 18-foot roadways complete. In discussing the last bids received by highway officials Gov. Small pointed out that the cost per mile is over 13,000 less than the \$40,000 demanded last spring, when he began his fight for lower prices and declared that \$30,000 was the limit which the state would go, except under extraordinary conditions. Highway officials today were still checking the bids on the largest single letting in the history of the state, but said the figures indicated the contracts for practically all of the mileage can be awarded. In addition to the bids on more than 180 miles of paving, the state has under consideration contractor's proposals for over 70 miles of grading alone and 69 bridges. As a result of the Tuesday bids the state will spend approximately \$3,898,950 additional for new roads next year. Apparent low bids and the probable successful contractors for Tuesday's letting, together with the cost per mile and the total cost follow: Route 1, section 26, Vermilion county—18 miles, Charles W. Clark, Clinton, Ind.; \$26,740; total \$3,743. Route 2, sections 1, 3, 4, 5, 6, 7, 8, 9 and 10, Jackson, Perry and Washington counties—67.75 miles; H. H. Hall, East St. Louis; \$30,238; total \$1,570,000. Route 4, section 9, Livingston county—2.65 miles; D. A. Myers, Peoria, Ill.; \$28,560; total \$58,413. Route 4, section 14, McLean county—7.91 miles; A. F. Conway Co., Chicago; \$24,685; total \$144,871. Route 7, section 5, 7 and 8, Henry and Bureau counties—13.13 miles; A. F. Conway Co., (Continued on Page 4)

NEW MEXICO'S ANSWER

The Democrats charged in the New Mexico campaign that the Republican administration had accomplished nothing; the people of the state immediately elected a Republican to the Senate by a plurality proportionately as great as that given Harding. There are two interpretations that may be placed on the vote. Either the people did not believe the Democratic charge, or believing it, preferred a Republican administration that does nothing to a Democratic administration that does practically everything wrong. The fact is that the people of New

URNS FROM RENTER TO LANDLORD

Where a few months ago the War Department was probably the biggest renter of all federal departments, it has now taken the role of landlord. Under the administration of Secretary Weeks leases on private buildings hitherto occupied by the War Department have been given up and the department's offices and supplies housed in government buildings. The consolidation of military supplies and goods into a few central storage depots has released a number of storage buildings owned by the War Department, which are now being offered for rent.

THE TOLL OF CARELESSNESS

Coroner Hoffman sounded a note of needed warning when he gave figures to show that more people are dying from accidents annually in Chicago than the world war caused that city. He said:

"We are going too fast. Haste, carelessness and recklessness are the chief characteristics of the American public at present. Public safety has become a matter of 'let George do it.' Accidents have increased 40 per cent in the last fifteen years. At the present rate more than 2,000 persons will be killed by accidents in Cook county this year and more than 50,000 seriously injured, many of them crippled for life.

"More than 500 of the dead and 12,000 of the injured will be children under sixteen years of age. The world war took no toll like this from the people of Chicago.

"Every organized agency in Chicago is working to eliminate these accidents during 'No Accident-No Fire Week.' If we fail there is only one remedy—make every form of carelessness criminal and prosecute the offender to the limit. This public slaughter must be stopped."

The trouble with some of the vocational training schools seems to be too much theory and not enough that is practical. The investigations which are now being made will no doubt remedy some of the difficulties.

A cemetery commission is soon to be appointed in conformity with the ordinance recently passed by the city council. While the cemeteries are now in good condition, there is no doubt but that five

GOOD ROADS MEETING HELD AT ROODHOUSE

Local Men Guests of Service Club of Roodhouse at Supper Thursday Night—Brief Talks Made By Number of Men.

A number of local men drove to Roodhouse last night, where they were guests at a supper given by the Service club of that town. The excellent supper was served in the K. of P. hall by the women of the Christian church and was attended by about sixty-five persons.

Following the serving of the supper came a program of addresses, all dealing with the general subject of good roads. A. B. Johnson, president of the club presided and called upon various persons present for brief talks. The local men who responded were R. Y. Rowe, H. R. Caldwell, John S. Hackett, T. M. Tomlinson, John W. Merrigan, Henry Frick, Harold Welch, T. A. Chapin and Harrison King.

Among other speakers were Dr. Crum of Lexington, Ky., Charles Bates, Al Barrow and Mr. Dill all of Roodhouse.

Mr. Rowe made the principal address on the part of the Jacksonville visitors. He told of the hard road work now in progress in this county and also something about how the water works project was accomplished in this city. Mr. Rowe referred to the work which the sewer committee proposes to do and gave some general facts about the operation of the Chamber of Commerce.

The Service Club of Roodhouse is an organization which now numbers about 100 members. It was organized something more than fifteen months ago and during its comparatively brief existence has aided materially in the accomplishment of various work while projects in the community. One of the things for which the club has worked is the oiling of roadways and it is a fact that all the main roads leading out of Roodhouse have been oiled for a distance of from five to fifteen miles, this having been accomplished largely thru the efforts of the Service club.

As indicated, A. B. Johnson is the president of the club, while C. H. Sawyer is the secretary and C. G. Hamm the treasurer.

WANT TO SETTLE LAND IN ARGENTINA

BUENOS AIRES.—(By The Associated Press.)—Many applications for settlement on land in Argentina have been received from the United States and Canada. The recent government decree opens up 16,000,000 acres of government land for the establishment of colonies in different parts of the republic.

These government lands are to be sold to colonists but it is understood here that the price will be low. They are located as far north as Misiones near the Brazilian border, where the climate is tropical and as far south as Terra del Fuego, which corresponds to the latitude of Labrador. Some of the land already is partly colonized and it is understood that the titles of the present settlers will be adjusted.

The government colonization plan generally is approved by the newspapers because of excessively high land values prevailing. Land is comparatively speaking in the hands of a few individuals who hold the price too high to make it attractive to immigrants.

A small farm two hours' distant from Buenos Aires is just as expensive to buy, it is asserted, as a small farm the same distance from a large city in England, France or Germany.

One of the papers, the Times, points out that in order to obtain cheap land the immigrant must go far afield and he often finds that what he saves on the price of the land has been swallowed up by the extra expense of getting himself and his family settled on it and securing his equipment.

Argentina wants immigrants, because, for one reason, her agricultural development has been arrested for more than a decade. Carlos Tornquist, a leading Argentine banker and economist, says that in the last 12 years Argentine livestock has improved in quality but has decreased in quantity.

MADE LIQUOR RAID ON WOLCOTT STREET

A raid was made on the residence of Rhoda Russell, 226 West Wolcott street, Thursday afternoon, by Chief of Police Kiloran and other members of the police department. A five gallon bottle and several jugs of white mulled were found and taken to headquarters.

Rhoda Russell, a colored woman, was placed under arrest. State's Attorney Robinson took action in this case partially at the instance of Mrs. Anna Stauff, who is the owner of the property. Mrs. Stauff had heard of the provisions of the new prohibition law and as she had some reason to suspect that bootlegged liquor was being sold at the house she consulted with the state's attorney.

MISS DEITRICK IS BRIDE OF ROY NICKEL

Ceremony is Held at Home of Bride's Parents at Concord Thursday at Noon—Will Reside in Concord.

Miss Sarah Frances Deitrick and Roy E. Nickel were united in a simple yet beautiful marriage service at the home of Mr. and Mrs. George Deitrick yesterday at high noon. The impressive ring service, in charge of Rev. J. L. Wallace, was witnessed by only the immediate families.

The marriage vows were solemnized before a bower of ferns and cut flowers, enhanced on either side by the rich tints of autumn foliage. After a preliminary musical program, the wedding party advanced to the strains of the Lohengrin wedding march, which was played by the groom's sister, Miss Esther Nickel.

The maid of honor was Miss Belinda Crane of Milwaukee, Wis., and the groom was attended by Edwin Deitrick.

The bride is the daughter of Mr. and Mrs. George Deitrick and attended the local high school for two years, after which she entered the Illinois Woman's College. She graduated from that institution in 1916. In 1920 she was graduated from De Pauw University in Indiana and then accepted a position as a member of the faculty of the Hampton, Iowa, schools. Her literary attainments and her charming personality have endeared her to many friends.

Mr. Nickel is the son of Mr. and Mrs. Frank Nickel of Concord and attended the Concord schools for a time and then the Bradley Polytechnic school. He owns the Concord garage and has built up a successful business thru his genial manner and his upright principles. He is a member and superintendent of the Sunday school of the Concord M. E. church.

After the ceremony the wedding party was served a four course luncheon in the dining room where a color scheme of pink and white had been artistically carried out.

Mr. and Mrs. Nickel left for a motor trip to Chicago and other northern points. When they return they will be at home to their friends in Concord.

Jacksonville Good Roads Boosters to Have Part in Sociability Run of Mississippi Valley Highway Association.

As previously mentioned Jacksonville men who are to take part in the sociability run of the Mississippi Valley Highway association to Meridian, Miss., will leave for St. Louis this morning at 9 o'clock. Joshua Vasconcellos, S. O. Barr, H. J. Rodgers and W. J. Brady will make up the delegation and they will travel in Mr. Brady's car.

At St. Louis they are to join with others and will leave early Saturday morning for the first day's run. They are to reach Meridian Tuesday afternoon and the 10th annual convention of the association will open Wednesday morning at 9 o'clock.

Mr. Brady's car will be generously placarded with the city's slogan, "Jacksonville Suits Me, It Will You." Carl H. Weber, a past president of the association, was scheduled to reply to the address of welcome made by Hon. Lee Russell, governor of Mississippi. As Mr. Weber will be unable to attend he is sending a message which will be read by Mr. Brady. Stuart E. Pierson of Carrollton, president of the association, will preside.

Other addresses of the first session will be by W. D. Robins, of Tupelo, Miss., who gives his experiences as a road builder, and by W. W. House chairman of the Tennessee Highway commission. The report of the treasurer will be made by Herman Englebach of Arenzville.

Some other addresses to be given either at the Wednesday or Thursday sessions are as follows: J. E. Pennypacker, secretary Asphalt association, New York City, "Beautiful Roads and Maintenance, and Highways a Cure for Business Depression," John McGrath, Brookhaven, Miss., president Mississippi Chamber of Commerce, "Mississippi Highways," Robert E. Lee, secretary Automobile Mfg. Association, St. Louis, "The M. V. H. in Missouri," Senator John Craft, Mobile, Ala., J. E. Filtrault, vice-president for the North, Duluth, Minn., "The M. V. H. in Minnesota," Senator H. C. Yawn, Lumberton, Miss. The banquet on Wednesday night will be a very notable event and there will be other social features. The arrangements for the sociability run includes social events in various cities along the route where the travelers are scheduled to stop.

BOOSTER PICNIC AT ARENZVILLE

The American Legion Post and the business men of Arenzville are uniting in a burgo and picnic in Arenzville to be held October 20th. The object of the affair is to boost the best interests of the community and to provide a day of amusement and entertainment for the citizens.

The Perry county military band will play on this occasion and several prominent men will appear on the program. Among these are Hon. Henry T. Rainey of Carrollton and Col. Knott of Springfield.

The people in charge of the arrangements have secured a merry-go-round and a ferris wheel for the occasion and it is expected that thousands of people from the surrounding country will attend the picnic and burgo.

A NICE GIFT TO

THE OLD PEOPLE'S HOME

Thru the trust department of the Farmers State Bank and Trust Company of this city the National Benevolent Association of the Christian church has just been paid fourteen thousand dollars for the use and benefit of the Old People's Home of this city.

A number of years ago an elderly man living in a distant part of this state placed in the trust department of the Farmers State Bank and Trust company a well secured real estate mortgage note for fourteen thousand dollars under a trust agreement whereby the trust company was to pay the annual interest on said sum to the donor and his wife as long as either lived and after the death of both to turn the principal over to the National Benevolent Association.

The donor died not long since and the death of his wife occurred several years ago. In accordance with the terms of the trust, the principal has been turned over to the National Benevolent Association as beneficiary in perpetuity for the use and benefit of the Old People's Home.

KIWANIS CLUB HAS HELPFUL PLANE

Will Aid Young People In Educational Work — Offering for Social Service League — Mr. Shafer Made Address.

Football teams of the Jacksonville high school and Illinois college are to be luncheon guests of the Kiwanis club. This was decided at the noon day luncheon of the club held Thursday at the Peacock Inn. The high school players will have the invitation for next Thursday and the Illinois college men one week later.

B. F. Shafer, principal of the high school and chairman of the educational committee of the club had charge of Thursday's interesting program. The club members decided to raise a fund of \$175 to aid deserving students. They will also cooperate with the members of the Rotary club in forwarding some work with school children that has already been undertaken.

Still another matter of importance which was given consideration was the work of the Social Service league. It is recognized that because of general conditions the league will probably have more than the usual demands made upon it during the coming months.

Next Thursday each member of the club is to bring to the luncheon some article which will be of value in the work of the league. The whole address of Mr. Shafer was replete with practical suggestions of what may be done under the auspices of the club. Before the address Hubert Littler sang a solo which was very much appreciated.

CAMPED FOR SECOND
TIME AT NICHOLS PARK

Mr. and Mrs. J. Henry Trunk of St. Joseph, Mo., were campers at Nichols park last night. This is the second time that Mr. and Mrs. Trunk have camped at the local park, having spent a night there about June 20 last. At that time they were so favorably impressed with the park and the community in general that they determined to make a second visit here. Since they were here Mr. and Mrs. Trunk have visited the Adirondacks and the White Mountains, Washington, D. C., New York City and other places of interest in the east.

Mr. Trunk has a specially constructed outfit built on a Ford truck and he and his wife are able to travel with most of the comforts of home.

While in the city yesterday Mr. Trunk was interviewed by a member of the tourists committee of the Chamber of Commerce and expressed himself as very favorably impressed by the city.

WOODSON HOUSEHOLD
SCIENCE CLUB MEETS

The Woodson Household Science club met Wednesday afternoon with Mrs. Jessie Henry. Sixteen members responded to roll call by naming an historic point in Illinois. An interesting paper on "The History of Illinois" was read read by Mrs. Emma Taylor.

A social hour and refreshments followed the regular program. An interesting feature of the afternoon was a demonstration of fudge squares given by the hostess. The next meeting of the club will be held on Oct. 19 at the home of Mrs. Lennie Newman.

FARM BUREAU NOTES

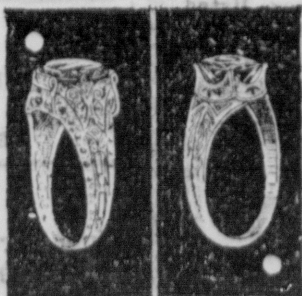

County Agent George B. Kendall went to Carrollton Wednesday to attend the Greene county fair. He went at the invitation of the fair management and with the idea of getting a line on the club work being done in Greene county.

The Waverly township High school has extended an invitation to Mr. Kendall, thru Professor Malsbury to make an address on Boys and Girls club work.

STUDENTS AT ILLINOIS WOMAN'S COLLEGE

A study of the 240 students at Illinois Woman's college shows 23 seniors, 30 juniors, 70 sophomores and 117 freshmen. The sophomore class is the largest in the history of the college. 18 come from other colleges or universities; this number is increasing rapidly each year—last year there were 12, and the year before only 6.

Occupation of Parents.

Eighty students, or one-third of the whole number, are daughters of farmers or men interested in farming; 90, or a little over one-third, are daughters of business men or men interested in exchange or distribution, and 50, or more than one-fifth, are daughters of professional men; of these 25, or one-tenth of the whole attendance, are daughters of ministers, representing several denominations.

Where They Live

A study of where they live shows that 36 live on farms, 45 live in small towns of less than 1500 people, 115 live in towns of from 1500 to 15,000 and 44 come from cities of over 15,000 population.

Church Relations

The church relations of the students are as follows: Methodists, 148, or 61 per cent, Presbyterians, 41, or 17 per cent.

Christian church, 14, or about 6 per cent.

Baptist, 11, or about 5 per cent.

Congregational, Lutheran, Catholic, Unitarian and Christian Science each have a few representatives, totalling 19, or 8 per cent; leaving without church affiliation only 9, or about 4 per cent.

Geographical Distribution

As to the geographical distribution, South America sends one student, 14 states are represented, including Florida and North Carolina on the southeast, to Dakota on the northwest, and from Minnesota and Nebraska 4 each, and 7 other states making up the total.

It is interesting to watch the growth of the college each year, not alone in numbers, but in the extent of the territory from which it draws, and the sure gains each year wherever it makes a beginning. The large number from Indiana is especially gratifying.

CARS COLLIDE ON SQUARE

A car driven by Foster Sheppard of Lynnville and one driven by E. L. Killam of Park street, had a head-on collision on the square in front of Schram's jewelry store Wednesday. Neither car was going over-fast and so the impact was not strong enough to injure the occupants or do any very serious damage to the cars. Mr. Killam's car had the fender smashed and the damage to the Sheppard car amounted to about \$80.

STUDENTS STUDY

The class in astronomy at Illinois College held the first evening meeting Wednesday night. There are a large number of students enrolled in this course and a great deal of interest is being shown in the work. Next week Professor G. H. Scott, who is the teacher of the class plans to have the class meet on the college campus at 3 o'clock in the morning to study the different constellations as they appear later in the night.

MISSION CIRCLE OF MANCHESTER MEETS

Mrs. Mary Rousey is Hostess to Members of M. E. Mission Circle Thursday Afternoon—Other Manchester News.

Manchester, Oct. 6.—The Mission Circle of the M. E. church met Wednesday afternoon at the home of Mrs. Mary Rousey, with about twelve present. The topic of the afternoon was "An Agency of Service," in connection with the Indian and frontier work. Th devotional service was led by Mrs. Henry Bell. An election of officers was held, resulting in the naming of the following:

President—Mrs. Priscilla Stephens.

Vice president—Mrs. J. W. Wells.

Secretary—Mrs. Mary Rousey.

Treasurer—Mrs. Belle Potts.

Supply Secretary—Mrs. Pearl Rousey.

It was decided to send a barrel of fruit to the Cunningham Orphan's home sometime in the near future. Other matters of business were given attention during the afternoon. Later came a social hour and the serving of refreshments.

Mrs. John Blakeman spent Wednesday in Woodson.

Mrs. Perry Altec was a shopper in Jacksonville Tuesday. Her mother, Mrs. Nancy Moore, was entertained at the home of Mrs. Belle Potts on that day. Mrs. Moore is one of the oldest residents of the community, as he will celebrate her 100th birthday next spring.

Mr. and Mrs. Leon Wells returned to their home in Alton after a few days' visit with friends and relatives here.

Miss Pearl Rousey spent Sunday with her cousin, Mrs. Nellie Spencer, at Martin's Prairie.

Among those who attended the Baptist association meeting at Pisgah today were Mr. and Mrs. William McPherson, Mr. and Mrs. Carey Simons, Misses Katie and Mae Hayes, Miss Nellie Duncan.

Mrs. S. G. Sykes of White Hall spent Wednesday at the home of Mr. and Mrs. John Blevins.

Lakin and son Roy; Misses Ollie Walker and Bertha Thady, Mrs. Josephine Rochester.

W. F. M. S. OF WESLEY
CHAPEL MET THURSDAY

The regular meeting of the Woman's Foreign Missionary society of Wesley Chapel was held Thursday at the home of Mrs. John Vasey, with Mrs. David Brown as assistant hostess. There was a large attendance of members and a number of guests were also present.

Th devotional exercises were in charge of Rev. Mr. Bracewell. The program of the afternoon in-

cluded a review of the 4th chapter of the study book, "The Kingdom of the Nations," by Mrs. Frank Ranson and Mrs. William Ranson. The offering amounted to \$9.10. Mrs. Mary Ranson and Mrs. J. W. Leach were chosen as delegates to the district meeting at Havana Oct 20 and 21. The next meeting of the society will be held in November at the home of Mrs. Margaret Middleton. Following the program came a social hour and the serving of refreshments by the hostesses.

EMPLOYMENT MEET
TO RE-OPEN TUESDAY

(By The Associated Press)
WASHINGTON, Oct. 6.—The National conference on unemployment will reassemble next Tuesday instead of Monday as previously announced. Secretary Hoover said today. Committees will meet on Monday, he added and it is hoped that several of them will have completed their recommendations on permanent measures for combating unemployment and reviving business and commerce.
Deliberations of the manufac-

tures' committee were continued today but little progress towards a report was made it was said. Only minor questions were discussed members declared and as yet the relation of wages and prices to a general economic program still awaits consideration.

LOWER FREIGHT RATES
FORM GREATEST NEED

Manufacturers Told That Less Freight Cost is Essential to Business Revival

(By The Associated Press)
CHICAGO, Oct. 6.—"Freight rates must be reduced greatly before business can even begin to approach normal," Herbert J. Hodge of Abilene, Kans., secretary of the National Federation of Retail Implement and Dealers Associations told the convention of that body today. "High freight rates get the farmer going and coming and we feel that they should be reduced in proportion to the reductions accepted by every other line of business recently."

"The manufacturers of farm implements are responsible for much of the dissatisfaction and unrest among farmers. During the war they raised their prices and since the war instead of taking their losses immediately like the farmer was forced to do, they have cut off the dog's tail an inch at a time in order to save the cost of an operation."

"All commodities which the farmer uses must decline in price in proportion to the decline in the value of his products or there will be no business revival worth while," Albert Dorr of Larned, Kans., said. "The farmer has less money for investment and until his overhead is reduced and his buying power increased conditions will not change."

WILL OUTLINE FULL
AGRICULTURE PROGRAM

(By The Associated Press)
DECATUR, Ill., Oct. 6.—Formulation of an agricultural program for the Mississippi Valley association adequate to stand as the general agriculture policy of the entire group of 29 states represented in the association and embracing such questions as marketing, transportation and foreign trade will be the object of the conference that is to open Friday morning in this city.

Governors of six states of the Mississippi Valley coming from capitals as far removed as St. Paul, Minn., and Phoenix, Ariz., are expected to arrive tomorrow morning to attend the conference.

The Parent-Teacher Association of Franklin and Morton schools will hold a bazar and market Nov. 1st.

HIGHTOWER GOES ON
TRIAL FOR FATHER
HESLIN'S MURDER

Man's Guilt Strongly Pointed to by Circumstantial Evidence

(By The Associated Press)

REDWOOD CITY, Calif., Oct. 6.—A dozen links of the chain of circumstantial evidence whereby they hope to convict William A. Hightower of the murder of the Rev. Patrick E. Heslin, Catholic priest of Colma, a San Francisco suburb were hammered out by attorneys for the prosecution in Hightower's trial here today. Chief of today's witnesses was Doris Putnam, whom Hightower had said he took for an automobile ride to San Jose, some distance south of here, the night Father Heslin was enticed away from his home.

The woman then not yet married to Lee Putnam, told of coming from Salt Lake City to San Francisco with Hightower, of their taking a room at a hotel, of Hightower's absence with an automobile, the night Father Heslin disappeared and of her own infatuation with Putnam and eventual departure to Fresno with him. She denied every vital point of Hightower's story so far as it affected her.

Hightower sat thru the entire proceedings apparently unmoved.

ANOTHER CHICAGO LAD
DIES FROM STRANGULATION

Chicago, Oct. 6.—The body of August Knaus, 17 years old, was found suspended by a rope to a rafter in the basement of his home today by his brother, Walter Knaus, 17 years old. The police are investigating to ascertain whether the boy was accidentally strangled while playing or whether he placed the rope around his neck with suicidal intent.

Knaus was the second boy to be found hanged this week. A few days ago Samuel Buffington, 14, was found hanged to death in a closet in his home with his hands tied behind him.

The Eureka Does the
Work—Not You

Its strong suction takes every particle of dust and dirt from your carpets and rugs or any piece of household furniture on which it is used. It will open your eyes to find how the Eureka picks up ravelings, lint, fine threads and hair, and how quickly you can clean every room in your home. No nook or corner too tiny to escape its power. It does not stir a particle of dust to again settle about the house. To clean with the Eureka is clean work—it makes home cleaning a great delight.

ILLINOIS COLLEGE GOES TO KIRKSVILLE
Coach Harmon will take his Illinois college football team to Kirksville this afternoon where they will play the State teachers

college team Saturday. Harmon was without a game and considers himself fortunate in booking the contest as the men need the actual work. He will take eighteen men on the trip.

GIANTS ARE AGAIN WHITEWASHED BY NEW YORK YANKS

(Continued from Page One)
crowd. Ruth scored a run, however, getting on the bases thru a fielder's choice and finally tallying.

Ruth's base stealing feat was performed late in the inning and didn't result in a run. Not so, however, the surprise sprung by the next most justly celebrated slugger of "murderers' row"—the lanky "Bob" Meusel. This lithe Californian did nothing less than execute a clean steal of home in the eighth—duplicating McNally's feat of Wednesday. He didn't have to slide it either, for the pitch on which he tore in was wide and Earl Smith, the startled catcher, let it get away from him for a passed ball.

Frisch Stars for Giants
The Giant rooters got their chance again today to grow enthusiastic over the playing of the remarkable Frank Frisch. This stellar performer undoubtedly prevented the score taking on a decidedly more lopsided aspect. For one thing he made a great catch of a sizzling liner by Meusel labelled for two bases, with two on in the Yankee's first inning, turning the smash into a double play. Then, in the third, he brought the crowd to its feet with his brilliant performance in grabbing a difficult grounder from McNally, throwing himself at the ball and then while flat on the ground reaching up and tagging Walter Pipp who was tearing for third.

Much of the excitement of the game was crowded into the Yankee's third inning. Schang started by sending a high fly to Bancroft. Rawlings squirmed and twisted to get under Hoyt's Texas Leaguer but was unable to hold the ball. Peckinpah walked and the crowd yelled to Ruth to "hit 'er out" as the babe came to bat. Coach Leary of the Yankees, here ran out from the dugout and drew Umpire Moriarty's attention to the ball. The umpire examined it and threw it out of the game. Pitcher Nehf took no chances with the home run hitter and passed him to first, filling the bases. This brought up "Bob" Meusel another hard-hitter but the best he could do was to send up a short fly to Bancroft leaving the three base runners stranded. The Yankees scored their first run in the fourth inning. After Pipp had sent a high fly to Young, Ward got on a slow bouncer to right. McNally hit to Nehf, who, in trying to throw out Ward at second, shot the ball wide and both runners safe. Wally Echank drew a pass. Ward tallied the first run as Hoyt went out on a grounder. Rawlings to Kelly. McNally tried to score as the play was being made at first and was nipped at the plate by Kelly's good throw to Smith.

Except for Ruth's base on balls and his two stolen bases in the fifth nothing startling happened until the eighth when the Yankees got two.

Gate Receipts Break Record
In addition to establishing a new world's record of two consecutive shutouts by the same team in the first two games, the gate receipts record established yesterday also went by the board. The 34,939 spectators who witnessed the Yankees' second victory paid \$115,320. This is more than six times the gate receipts in the second game of the 1905 series which was the first played at the Polo Grounds under the National Commission rules.

By a strange coincidence the Giants lost that game to the Philadelphia Athletics on the same field and by the same score as that of today's contest. Chief lender did the hurling for Connie Mack and it was the only game won by the Athletics in the famous shutout series. At that game, the first of the series in New York 24,992 persons paid \$18,938.

Of the \$115,320 paid today the players will receive \$58,813.20; the clubs \$39,298.80 and the advisory board \$17,298. If interest in the series continues and the play should extend to six or seven games a new total receipts record is almost certain in view of the high prices being charged for both reserved and unreserved seats at the Polo Grounds.

The present record for gate receipts is held by the 1919 series between the Cincinnati and Chicago clubs when \$722,414 was taken in during the eight games.

LONG TIME FAVORITE SEEN AT GRAND

"Twin Beds" is a farce that has had a stage life much longer than many another production. Last night it was presented again in Jacksonville before a well pleased audience at the Grand Opera house. Selwyn & Co.'s New York cast staged the production here and each one of the company was entirely craven.

"Twin Beds" relates an amusing story of what can happen when six people live in three apartments in a crowded but fashionable apartment house. The situations which arise in the development of the plot are intensely amusing and the chances are that "Twin Beds" will continue to be a stage favorite just as it has been thru recent years.

BOY SCOUTS SAVE LIFE OF NEBRASKA WOMAN

By Detouring Traffic in Effort to Retain Absolute Silence, Boy Scouts are Credited With Saving Life of Mrs. M. E. Gardner, Near Point of Death.

LINCOLN, Neb.—(By A. P.)—A week's night patrolling in two hour shifts by twelve members of a local Boy Scout troop, cautioning and detouring traffic and passers-by in an effort to retain absolute silence surrounding a house in one of the city's busiest districts, resulted in saving the life of Mrs. M. E. Gardner.

Declared by her physician Dr. J. M. Mahew to be near the point of death, resultant from an attack of poisoning and nervous collapse, Mrs. Gardner was given but a few days to live unless removed to a seclusion of strict quiet. Removal was impossible as the noise from traffic thru closed doors sent Mrs. Gardner into convulsions.

An appeal was made by Dr. Mahew to the mayor of Lincoln. The mayor referred him to police department. Inquiry at the police department elicited the information it had no patrols to spare and could do nothing for him. The suggestion was made, however, that the Boy Scouts be considered.

The result was that Ray Bolan, scoutmaster of Troop 31, called his squad together and laid the appeal before them. They unanimously decided to aid. The troop was organized, one boy being stationed on either side of the house to stop all passers-by and warn them of the situation. The patrol was extended to the street and was maintained in shifts of two hours.

Not until Mrs. Gardner was on her way to apparent recovery was the patrol relieved.

"Perhaps the boys of Troop 31 would have preferred to do their good deed by carrying out children from a burning building," Scoutmaster Bolan says, "but it is seldom in our daily lives that a life is saved in such melodramatic fashion."

A special recognition and medal is being urged from national headquarters of the Boy Scouts by several of Lincoln's prominent men.

MANY APPLICATIONS FOR AUTO LICENSES

Marked Increase in Applications for Auto and Chauffeurs' Licenses Since Investigators Began to Scour State.

Springfield, Ill.—(By The Associated Press.)—Since the 25 automobile investigators began to scour the state on July 15 for violators of the Illinois Vehicle law, there has been an increase of more than 100 per cent in applications for automobile and chauffeurs' licenses, according to W. W. Miller, in charge of the automobile department of the Secretary of State's office.

There were 4,333 more automobile registrations from July 15 to Aug. 15 than in the same period of time in 1920. From an average of 75 applications for chauffeurs' licenses during the same time last year, there is now an average of 150 a day.

Rural automobile owners were the greatest violators of the license law. Hundreds of merchants down state were found to be employing delivery boys under 18 years old. These boys were mostly high school pupils too young to qualify for a chauffeur's license. Many automobile owners located away from the main roads, and who only occasionally used their machines to drive to a nearby town, failed to register for license plates.

"It is in the rural districts that the investigators are doing most work," said Mr. Miller. "The small town official finds it a disagreeable task to enforce the motor vehicle law among his close acquaintances. The investigators have police power in any part of the state, and their co-operation has been welcomed by local police."

The city motorist was found to be the greatest violator of speed laws.

The hardest part of the law to enforce is that requiring motorists to dim their lights within 250 feet of an approaching machine. This neglect probably causes the largest number of accidents from night driving, according to investigators' reports.

"A strange source of help in enforcing the vehicle law," Mr. Miller said, "is anonymous letters from disgruntled motorists tattling on their neighbors. Practically all of these reports prove true."

The investigators are doing much educational work. Few motorists, for instance, know what to do when they loose one or both license plates. The investigator that stops them will tell them that all that is necessary is to send a dollar to the automobile department of the Secretary of State's office for a duplicate plate.

A county judge and state's attorney are among the motorists who paid fines for violations of the vehicle law in the first month's work of investigators.

BAPTIST ASSOCIATION ELECTED OFFICERS

The Morgan and Scott County Baptist association closed its two days sessions at the Pisgah Baptist church last night with a meeting especially in the interest of Sunday schools and the B. Y. P. U. The address last night was made by Rev. F. C. Koeler of Normal, state director of Sunday school and B. Y. P. U. work.

At the business session held at 10 o'clock Thursday morning it was decided to hold next year's convention at First Baptist church in Jacksonville. The officers elected yesterday morning are:

Moderator—A. A. Curry, Pisgah.
Clerk—Mrs. Minnie Barrow, Waverly.
Chorister—Homer L. Wood, Pisgah.

The conference opened Tuesday evening with a meeting especially for ministers, and the sessions of the association proper opened at 9:30 o'clock Wednesday morning. The program as previously announced was carried out.

FAVORITE LODGE K. OF P.
IN REGULAR SESSION
Favorite Lodge No. 376, Knights of Pythias, held a regular session Thursday night, when about 175 were present. L. F. Jordan was the chairman of the evening and a splendid program was carried out, including community singing and a number of piano selections by George Gerlach.

Vincent Riley was introduced by the chairman to make an address, and for an hour the speaker had the undivided attention of his hearers as he related incidents in connection with his recent European travels. Brief talks were made by a number of the officers and members of the order. All indications point to a very busy winter season for the lodge.

DIVORCE SUIT FILED
A suit for divorce was filed yesterday by Mrs. Lela Ramsey from her husband, S. L. Ramsey. The complainant is represented by Judge H. P. Samuel. The declaration sets forth that Mr. and Mrs. Ramsey were married at Murrayville July 3, 1889, and it is charged that Mr. Ramsey deserted the complainant Sept. 6, 1919.

Mrs. Marbach Gives
Afternoon Company.
Mrs. W. H. Marbach gave a delightful afternoon company yesterday at her home on Caldwell street in honor of Miss Cora Cherry whose wedding is to be an event of next week. The guests were Miss Cherry's intimate friends, most of them members of the College Sunday school class of State Street church.

One of the pleasant diversions of the afternoon was the making of a "Bride's Book." Each girl made one page and the book when finished contained an interesting story of the bride's life. The members of the class presented Miss Cherry with a lovely silver tray as a wedding gift.

Later in the afternoon a very attractive two-course luncheon was served.

Salem Aid Held
Regular Meeting
The Salem Ladies' Aid held its regular meeting Thursday afternoon at the home of Mrs. J. W. Ledford. There was a fine attendance of members and a large number of guests present. After devotionals led by the president the business meeting was held. This was followed with the following missionary program.

Solo—Mrs. Harvey L. Davies.
Paper—Life of Paul, Miss Fannie Boyd.
Solo—Mrs. Nellie Fox.
Reading—What Was Left, Mrs. R. E. Phillips.
Song—Where He Leads Me I Will Follow.

During the social hour a delicious luncheon was served. The next meeting is in November and is the fourteenth annual meeting of the society. It will be held at Mrs. Thomas Boyd's residence. All members and their families are urged to be present. Mrs. J. W. Ledford is chairman of the domestic science committee and will be assisted by Mrs. Maude Hopper, Mrs. Cora Hamm, Mrs. Nellie Fox and Mrs. Laura Cromwell. The entertainment is in charge of Mrs. Will Cleary and Mrs. Hazel Thompson.

Give Reception at
Duncan Home.
A delightful afternoon reception was given yesterday by Mrs. Clayton W. Smith and Mrs. James Weir Elliott, at the Governor Duncan Memorial home. During the hours from three to five a large number of guests enjoyed the gracious hospitality of the hostesses.

Lovely autumn flowers filled the rooms of the D. A. R. home, making it especially attractive. In the dining room where afternoon tea was served a lovely yellow

low color scheme was carried out. Ward roses and yellow tulle ribbons decorated the table and yellow shaded candles shed a beautiful light over the room.

The hostesses were assisted in entertaining by Mrs. Frank Elliott, Miss Mary Martin, Mrs. J. A. Palmer, Miss Betty Palmer, Mrs. E. A. Tanner, Mrs. W. W. King, Miss Carrie Dunlap, Miss Frances Wood, Miss Annie Tanner, Miss Dummer, Miss Mary Dummer, Mrs. W. E. Raynor, Mrs. C. A. Johnson, Mrs. M. H. Havenhill, Mrs. Verna Bisset, Mrs. C. A. Cole, Mrs. George Stickney, Mrs. Erwin Escher, Mrs. R. O. Post, Mrs. J. P. Lippincott, Mrs. J. F. Langton and Mrs. P. D. Moriarty.

Missionary Society
Elects Officers
Mrs. W. H. Naylor was hostess to the members of the Woman's Foreign Missionary Society of Centenary church yesterday afternoon at her home on South East street. There was a good attendance and the meeting was very successful in every way. Mrs. J. W. Taylor presided at the meeting and lead the devotional services. Miss May Graves gave a very interesting review of the first chapter in the study book, "The Kingdom and the Nation." Little Margaret Neal and Lyla Carson gave an entertaining dialogue entitled "The Little Maid Who Went Into All the World."

A business meeting was held and the following officers were elected for this year:

President—Mrs. W. H. Naylor.
Vice president—Mrs. J. W. Taylor.
Corresponding secretary—Miss May Graves.
Recording secretary—Mrs. Charles Hankins.
Treasurer—Mrs. T. H. Rapp.
Assistant treasurer—Mrs. W. H. Weatherford.
Mite box secretary—Mrs. H. B. Pattillo.
Tithing secretary—Mrs. F. L. Sandberg.

A program committee—Mrs. Chas. Hankins, Mrs. T. H. Rapp, and Mrs. W. H. Naylor.

Following the business meeting a most enjoyable social hour was spent and the hostess passed dainty refreshments.

SEEKS TO RECRUIT
NAVY RESERVE MEMBERS
(By The Associated Press)
CHICAGO, Oct. 6.—Appeal to the 200,000 members of the naval reserve corps that they immediately apply to naval corps area commanders for enrollment in class 6 was issued here today by Lieutenant A. O. Henderson, publicity and morale officer of the naval reserve.

"Unless application is so made," declared Lieutenant Henderson "the vast organization of the naval reserve which during the war was increased to more than 300,000 will go out of existence thru the discharge of its members."

Wheaton, Ill., Oct. 6.—Jacob Klein, a wealthy farmer, was indicted on a charge of first degree murder by a DuPage county grand jury here today. Klein is alleged to have shot and killed Leo Neumann of Chicago. Neumann it is said was driving his automobile along a road in DuPage county when Klein jumped from some bushes near the road and ordered him to halt. When Klein's command was not complied with, he is said to have opened fire. Klein will be arraigned here next Saturday. He had served as volunteer deputy sheriff in this county for the last fifteen years. Neumann's wife and daughter were riding in the automobile when the shooting is said to have taken place.

At seven o'clock Miss Cherry was the honor guest at an after-dinner coffee given by the members of the Belles Lettres Society at the society room in Harker Hall. Miss Cherry was an active member of this society while in school and her many friends joined in giving this affair in her honor.

The Glee Club Girls at the Illinois Woman's college gave a stunt in the social room last evening after dinner. All the students and faculty members were invited and the girls gave a very clever imitation of the annual glee club try-outs which are to be held Friday night. Miss Mary Ballow the president of the club and Misses LeNore Kreige, Grace Thune, Margaret Sturgeon, Mildred Mayer entertained the students with a very funny mock try-out.

PETER MANNING BREAKS RECORD

Great Gelding Tots Mile at Lexington in 1:57 3/4—Clips Quarter of Second Off of Record Held Jointly by Peter Manning and Uhlan.

LEXINGTON, Ky., Oct. 6.—Peter Manning, Irving Gleason's great five-year-old gelding this afternoon trotted the fastest mile ever recorded in a race against time when he turned the oval at the Lexington track in 1:57 3/4. Driven by Thomas W. Murphy the speedy gelding went the first quarter in :30, the half in :59 1/2, to the three quarters in 1:29 and flashed under the wire in 1:57 3/4.

The new record clips a quarter of a second off the old mark held jointly by Peter Manning and Uhlan. Uhlan trotted a mile at Lexington on October 8, 1921 in 1:58 and Peter Manning tied this mark three weeks ago at Syracuse.

Skin Diseases Due To Waste Products In The Blood

For Genuine Relief Your Blood
Must Be Purified.

For real, downright, harrassing discomfort, very few disorders can approach so-called skin diseases, such as eczema, tetter, boils, eruptions, scaly irritations and similar skin troubles, notwithstanding the lavish use of salves, lotions, washes and other treatments applied externally to the irritated parts.

To correct the basic trouble—waste products—the blood must be purified. Don't clog your blood. Just clean it out. Nature will do the rest. Pure, rich, red blood nourishes the body and fights off disease.

S. S. S., the standard blood purifier and system builder, is the ideal remedy for skin eruptions. The effect of S. S. S. is to rid the system of the waste products which are causing the trouble. For over 50 years S. S. S. has proven to be of unusual merit. Begin taking S. S. S. today and write for 56 page illustrated booklet, "Facts About the Blood"—free.

Personal medical advice, without charge, may also be had by sending a complete description of your case. Address Chief Medical Director, Swift Specific Co., 743 S. S. S. Laboratory, Atlanta, Ga. All drug stores sell S. S. S.

worthy-Margaret Parish also starting against time clipped a second and a half off the world's record for four year olds when Murphy piloted him around the oval in 1:59 1/2. His fractional time was :30, :59 3/4, 1:29 3/4, 1:59 1/2.

The scheduled feature of the day's program, the Transylvania 2:05 trot, for a purse of \$5,000 went to Gray Worthy in straight heats, with Periscope second to the grey gelding in both heats. Cox handled the reins on the winner and Dodge drove Periscope. Gray Worthy was an easy winner in both heats. Fast time was made in the event, the first heat being trotted in 2:04 1/4 and the second in 2:03 flat.

The Cumberland 2:08 pace, 2 in 3 heats (two heats Wednesday) purse \$2,000.

BALTIMORE WON FROM LOUISVILLE

LOUISVILLE, Ky., Oct. 6.—With Jack Ogden, premier hurler of the International League, pitching a masterly game, Baltimore evened up the series with Louisville, champion of the American Association in the second game of the junior world's series today, 2 to 1.

Ogden, who equalled the International league record by winning 32 games this season, was opposed by Ben Tincup, the Indian pitcher who went thru the American Association without a defeat.

Louisville scored its run in the seventh after Ballinger had rolled to Boley. Schepner splashed a single to left and Meyer followed with a single to right. Tincup struckout and Boley in attempting to field Acosta's grounder throw wild to second allowing Schepner to score.

Tincup held Baltimore hitless until the fourth and the Orioles scored one run. Lawrey opened up by striking out and Jacobson was passed. Holden singled to right and Bentley doubled to right field scoring Jacobson. Baltimore counted again in the eighth after two were out. Lawrey reached first on Herzog's error and raced home when Jacobson tripled to the left field bleachers. The teams will be idle today. The third and fourth games of the series will be played Saturday and Sunday.

FOREIGN PLAYERS WERE ELIMINATED

DEAL, N. J., Oct. 6.—Today's matches in the National Woman's Golf Tournament decided that the title would remain at home, the last of seven foreign players who started in the competition Monday being eliminated.

Miss Alexa Stirling of Atlanta, the defending champion defeated Mrs. Latham Hall, an American citizen by marriage, but playing from the Mid-Surrey club of England.

The score was one up, the champion taking the match at the home green as the result of a remarkable chip from the rough that carried thirty yards to within two yards of the green.

Miss Edith Leitch, sister of the defeated English champion, Miss Cecil Leitch, lost at the nineteenth hole to Miss Elaine Rosenhal of Chicago.

WHITE SOX DEFEATED CUBS IN SECOND GAME

Urban Faber Turned on His Knee and May Be Out for the Remainder of the Series—Sox Win Game in the Seventh When They Pounded Martin to All Corners of the Lot.

CHICAGO, Oct. 6.—The White Sox of the American League gave their National League rivals a second beating in the series to decide the city championship by winning 8 to 5, but in doing so probably lost the services of Urban Faber, their pitching ace, for the remainder of the series. Faber, in fielding Barber's grounder, turned on his knee as he retired the batter and had to be assisted off the field.

The American Leaguers won the game in the seventh inning when they batted Martin to all corners of the lot and caused his retirement. The game started as a pitching duel between Speed Martin and Faber, the National's putting the first run across the plate when Flack drove the ball over the right field wall. After that both twirlers pitched airtight ball until the fifth when the White Sox launched their first attack on Martin. They continued the assault and after his retirement had little difficulty solving the offerings of the other twirlers.

The total attendance was 12,859, gross receipts \$13,370. Commissioner's share \$20,050, players shares \$6,818.70; clubs share \$4,545.80.

MISS MILLER WINS TOURNEY

Miss Wilella Miller won the woman's golf tournament Thursday afternoon by defeating Mrs. Paul Samuel. The match was for eighteen holes but at the fourteenth hole Mrs. Samuel conceded the match to Miss Miller.

There are three more matches to be played in the consolation tournament. They will be played this afternoon weather permitting. Those taking part are: Ed Tomlinson vs. Bob Capps; T. A. Chapin vs. Bob Milleady; C. J. Wright vs. W. S. Camp.

ANNOUNCEMENT OF THE COURSE IN SOCIAL SERVICE

Mention has previously been made of the course in Social Service offered by the Social Service League under the direction of Miss Lucy Catlin. The work will be in the form of lectures and practical case work. The object of the course is to give a broader knowledge of scientific social work; to teach the fundamental principles and underlying policies. By special arrangement with Illinois College and the Woman's College, any who desire to register in either school will be given college credit upon successfully completing the course and passing the examination. Social workers, nurses, teachers, students or any persons interested in welfare work will be admitted to the class.

It is expected this educational work will become a permanent feature of the League's activities, and in extending the unusual opportunity it is only discharging another part of its obligation of service to the community.

The class will be organized Saturday, October 8, and those who wish to enroll are requested to see Miss Catlin at her residence, 555 West State street, that morning between the hours of 10 and 12. Any who are unable to come at that time may telephone for a special appointment. Bell phone, 2322.

PROBATE COURT RECORD

In the probate court yesterday J. Weir Elliott as guardian of Ruby Dodsworth, filed a report which was approved.

In the estate of Jackson Henderson, the widow's relinquishment and selection was approved.

In the estate of Adam Hills, the report of the sale of personal property was approved.

In the estate of Peter Ranson, the appointment bill was approved. This showed farm lands to the value of \$36,450 and livestock and other personal property to the value of \$4,000. The appraisers were Walter Fearnough, J. W. Leach and Charles Middleton.

In the estate of Hardin G. Keplinger, the executor, M. G. Keplinger, filed petition asking for the appointment of appraiser to fix the inheritance tax and the court appointed H. P. Green. In this estate petition was allowed to omit the appraisement. The inventory as filed by the executor shows property holdings as follows: 80 acres land, value, \$18,000; 80 acres land, value \$20,000; 30 acres land, value \$3,000; grain \$450; bonds \$15,000; bank stock \$9,255; notes \$13,500; mortgages \$95,000; cash \$9,445.81. The totals here given are not exact but approximate the amounts shown by the inventory.

NEVER EXPECTED TO FEEL SO FINE

Chicago Woman Took So Many Medicines Without Getting Relief She Became Discouraged.

"Since taking Tanlac I feel better than I ever expected to feel any more, and I'm glad to give the medicine my highest praise," said Mrs. Emma Lucas, 934 North LaSalle St., Chicago, Ill., well-known business woman.

"For many years I suffered from indigestion and stomach trouble was so bad it was only my will power that kept me from collapsing entirely. I suffered from gas, and a burning, aching sensation in the pit of my stomach nearly all the time. My nerves were so badly unstrung I could get no restful sleep, and always felt so tired I could hardly stay up. At times I had an awful 'swimming' of the head, and had to be taking something constantly for my liver. In fact, I never had a minute's ease and comfort, and I took so many different medicines without getting any relief that I thought nothing could help me.

"However, a friend of mine told me how Tanlac had helped her, so I started taking it and it seemed to fit my case to a 'tee.' I gradually got rid of that indigestion, the burning feeling and the gas on my stomach ceased bothering me, and now my stomach feels just like a new one. My health is so good now I can attend to my business without a bit of trouble. I like to recommend Tanlac because I believe it will be doing others a favor to get them to take it."

Tanlac is sold in Jacksonville by J. F. Shreve, druggist, and by leading druggists everywhere. (adv.)

WAITED TILL THE COWS CAME HOME

"I am indeed glad to write you this letter. I was a terrible sufferer from gases in the stomach and colic attacks. The specialist, our family doctor sent me to Philadelphia, gave me no relief, although I took his medicine till the cows came home. He finally said I would have to be operated. Luckily I heard of Mayr's Wonderful Remedy then, and although it is now three years since I took a course of it, I have never had a symptom of my old trouble since." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and always the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale at all druggists. (adv.)

Making Extraordinary Mileage a Certainty

Car Owners want more rubber on the tread where the wear is hardest; more gum between cord plies to perfect a resilient and powerful carcass. And they want a scientifically constructed Non Skid tread with all angles and contacts to resist skidding and give sure traction. Firestone Cord Tires have met these demands of the car owners.

Read Letters Below—
Records from 29,000 to 57,000 Miles

Cord Tires built the Firestone way could not fail to produce mileage. Every day, from all over the country, comes the word that 10,000, 20,000 or 30,000 miles are frequent and consistent records.

Sept. 10, 1921
Firestone Tire & Rubber Co., Jacksonville Branch, Jacksonville, Florida.
Gentlemen:—
I submit herewith the history of a 33x4 Firestone Cord tire. This tire has run 37,000 miles. I have retreaded it seven times. The average mileage to each retread was about 7,000. I think you will agree this is a remarkable record. It is especially unusual as I know the owner to be a severe driver. However, he gives his tires proper inflation. The tire in question is not yet out of service and has every indication of being sufficiently strong for another retread. I am mailing photographs under separate cover.
C. U. Penney,
Plant City, Fla.

Sept. 2, 1921
The Harvey E. Mack Co., Thirteenth & Harmon Place, Minneapolis.
Gentlemen:—
It occurs to me that you might be interested in the mileage that I obtained from the set of Firestone Cord tires on my Dodge coupe. The first tire went over 29,000 miles. The second tire rolled up a mileage of between 34,000 and 35,000. These were both rear tires and had been cut considerably by chains. The two front tires have gone better than 35,000 miles and are still in good condition. I expect to get at least 40,000 miles from each of them. I need scarcely say that the Firestone Cord will be my tire choice for the future.

The Magic That Makes a House a Home

—that magic is MUSIC.

When the eyes of the little ones sparkle and they laugh with glee—when the toes of the older ones begin to waver—when Mother's face radiates happiness itself as she listens to the songs of McCormack and Gluck—when Dad is lost in reverie as those wonderful strains of Violin come to him from Kreisler and Heifetz—Isn't that, in truth, the Magic that makes a House a HOME?

The Victrola—the Master Magician—can make your house a HOME. We'll be glad to prove it. You can buy one for as little as \$25, or as much as \$350—on monthly payments surprisingly small.

PRICE OF WHEAT

MAKES ADVANCE

By Associated Press
CHICAGO, Oct. 6.—Belief expressed in various quarters that are active was due after the recent long decline did a good deal to lift prices in the wheat market today. The close was strong, \$1.13 to \$1.13½ and May \$1.17½ to \$1.18. Corn gained ½¢ to ¾¢, and oats ¼¢ to ½¢. In provisions the outcome varied from 15¢ decline to 5¢ advance. Although initial prices for wheat were the lowest yet this season the market began to ascend and through the rest of the day and the bulls had the advantage except during brief periods.

Nervousness at the start was due more or less to announcement that a leading firm had withdrawn from business.

Absence of any consequent unusual selling pressure, however, led to a general switch to the bull side, especially as offerings appeared to be passing into strong hands. Houses with eastern connections bought freely and liberal amounts of domestic wheat were reported as having been taken for Europe and the Orient.

Disappointing husking returns tended to put firmness into the corn market, and so too did big shipments from here.

Oats continued to reflect the action of corn and wheat and were undisturbed by gossip that a huge total of open traders in oats were to be adjusted for a fall which had suspended.

Lower quotations on hogs made the provisions market easy.

IRREGULAR PRICES

IN STOCK MARKET

By Associated Press
NEW YORK, Oct. 6.—Directing their attacks against certain of the more vulnerable issues professional interests were enabled to affect further irregular impairment of prices in the stock market today.

Tobacco, oils and junior steels, equipments and motors were the special targets of the shorts. Sumatra Tobacco led the reaction, declining 34 points on the suspension of dividend payments.

Mexican and European oils bore the brunt of the reactionary movement in that division falling one to nearly four points.

Selling of the former again was accomplished by circumstantial reports dealing with their productivity.

With one exception Liberty issues rose to best prices of the year on very large dealings. Victory notes easing slightly. Mexican government bonds and five featured the foreign group, rising 11 to 24 per cent respectively.

Total sales, par value, \$18,250,000.

MEETING OF WHITE HALL CITY COUNCIL

Many Important Matters Con-
sidered at October Session of
City Council—Civics Class of
High School Attends.

White Hall, Oct. 6.—An im-
portant session of the city council
was held Tuesday night with
Mayor H. W. Roodhouse and all
the aldermen present. It was the
regular October session. Reports
showed that there had not been a
single arrest during September.

The lighting contract with the
Central Illinois Public Service
company expired August 15th, and
the company is asking for an
increase in its rates to the city.
The council took no action, but
the mayor brought forward the
question of a municipal electric
plant, insisting that it is the duty
of the city council, under author-
ity voted at the last city election,
to provide for an election on the
issuance of bonds for the purpose
of erecting a municipal electric
system, and that the matter
should be submitted at the next
regular election. The clerk was
directed to inform the C. I. P. S.
Co., that the council had taken no
action on its request for increas-
ing the rates. The lighting bill
for the past month did not carry
this proposed increase.

Bills were allowed as follows:
C. I. P. S. Co., Sept. light-
ing \$352.40
Streets and Alleys 395.04
Miscellaneous account 27.00
Park 13.00
Salaries of City Officers 230.00
Water account 390.00

Total \$1407.44
Alderman Whiteside was named
as a member of the park commis-
sion to succeed R. C. Boehm, re-
signed.

A 500-watt electric light was
ordered placed on the city water
tank. This will be placed on the
summit of the tank, above the
funnel. As the tank is 110 feet
high, this light will be in view for
miles in every direction.

The Street and Alley committee
was ordered to put in a new walk
between the People's State Bank
and the First National Bank.

A request was informally
granted the American Legion to
use the streets for an Armistice
Day celebration, and extra police
protection will be provided.

The mayor suggested that the
water mains be extended to the
septic tank of the sanitary sewer
system, so the septic tank can be
flushed. This would involve ex-
tending the water mains 342 feet
along South Main street and 195
feet on private property at a
probable expense of \$500.00. It
was decided to proceed with the
extension along South Main
street, and that those could be
used from the terminus to the
septic tank until arrangements

could be made for further exten-
sion over private property.

A letter from the state board of
health asked the city to install a
filtering system at the city reser-
voir for the purpose of purifying
the water supply for drinking
purposes, and that plans be drafted
at once for such filtering
plant. The taste and odor of the
water is caused by organisms
that grow in the reservoir during
the summer, and this odor can
be removed by treating the water
with chemicals. The mayor stated
that the rains this summer had
greatly improved the taste of
the city water and that there is no
odor at present. He stated that
next week he will send samples
of the reservoir water to the
state board for analysis.

It developed that the city is
without funds, and a resolution
was passed providing for the
payment of approved bills by an-
ticipation warrants. White Hall's
envious financial rating of a few
months ago has suddenly gone
glum, and no more funds will
be available until the tax money
comes in next year.

Minor matters passed upon in-
cluded the lease of the McFarland
blacksmith shop on West Frank-
lin street at \$15 per month for
housing the city machinery; ap-
proval of the bond of Alderman
H. W. Gahly as a member of the
park commission; reference to the
street and alley committee the pe-
tition for a street light in the
Morrow Main street addition;
opening of the alley along the
south of the old Baptist church
site.

The civics class of the high
school attended in a body, and
were interested spectators during
the proceedings. The teacher,
Miss Georgine Piper, thanked the
council for the cordial invitation
from the mayor to attend the ses-
sion, to which the mayor made
fitting response.

E. L. Wendell asked if the
proceedings of naming members
of the city council on the board
of park commissioners is legal;
that he had an opinion from the
attorney general that it is not.
The city attorney answered the
inquiry by stating that the attor-
ney general must have misapplied
his opinion; that the proceedings
are legal, and that Mr. Griswold
is fully satisfied with the new
status of park affairs by bringing
the administration of the park
entirely within the control of the
council.

Mayor Roodhouse expressed
gratification with this new inter-
est in publishing the council pro-
ceedings, at least as far as the
main transactions are concerned.
He is disposed to do the very best
he knows how for the general
welfare of the community, but
says it is a handicap when the
people are not made acquainted
with city affairs thru the public
press.

Dr. R. R. Jones was a profes-
sional caller in the city yesterday
from Woodson.

TO THE SHADES OG BILL

Yes, Bill softly steps as he goes to
and fro
And seems to think all in verse,
But if it's his soul that's bother-
ing him so
Just tell him it might have been
worse.

The poor little nod that mashes
to dust
May have been a young Indian
red
But I'm thinking as any one
thinking hard must
it might have been all bull in-
stead.

The little brick stoop in front of
his home
May be red like a young maiden's
heart
But I'll bet he'd drop it on some-
body's dome
If her ghost ever got too darn
smart.

When ages have gone into eons
and more
And Bill has turned into dry clay
His soul will trail on forever as
yore
And never be silent a day.

His body may turn into sea weed
and dust
And his cell go back to its cell
But Bill's old soul will howl or
twail bust
If he don't bat golf balls in —ll
Dedicated to Bill
By Rialto.

Libbey's Cut Glass

for
Beauty and Utility

Libbey Glass adds a pleasing touch
of life and beauty to the decorative
scheme of the home.

Crystal—in the dining room, in the
den, in the boudoir, in the guest room
—reflects the lights and color of its en-
vironment diffusing a radiance pecu-
liarly cheerful and delightful.

Genuine Libbey cut and engraved
crystal is made in a large variety of
forms and patterns suitable for all oc-
casions, and Libbey's "open stock"
patterns offer the opportunity to build
up a fine set of crystal ware, and make
it well suited as gifts.
